

CERTIFICATE FOR PLAGIARISM CHECK

It is certified that Ph.D./M.Phil. thesis entitled “**Study of environmental carcinogens’ interference in bio-molecular kinetics of cell cycle regulatory machinery using systems biology approach and their protection by nano-particles**” by **Kumari Anukriti** has been examined. We undertake & declare that:

- a. This thesis has significant new work/knowledge as compared to already published or are under consideration to be published elsewhere. No sentence, equation, diagram, table, paragraph or section has been copied verbatim from previous work unless it is placed under quotation marks and duly referenced.
- b. The work presented is original and own work of the author (i.e. there is no plagiarism). No ideas, processes, results or words of others have been presented as Author’s own work.
- c. There is no fabrication of data or results which have been compiled/analyzed.
- d. There is no falsification by manipulating research materials, equipment or processes, or changing or omitting data or results such that the research is not accurately represented in the research record.
- e. The thesis has been checked using TURNITIN/URKUND (copy of originality report attached).
