ACKNOWLEDGEMENTS

First and foremost, I thank God Almighty for all the blessing showered on me all through the research process.

I am extremely grateful to **Dr. Vijay Dhasmana**, Vice Chancellor, Swami Himalayan University for providing me an fortuity to pursue and complete my Ph.D in SRHU.

I express my sincere **Dr Vinita Kalra**, Officer In-charge, Research and Ph.D. cell, Swami Rama Himalayan University for her guidance and support provided during the process of the study.

I humbly acknowledge my heartfelt gratitude to **Dr SanchitaPugazhendi**, Dean and Principal, Himalayan College of Nursing for permitting me to undertake this study and providing valuable suggestions for the study.

I am extremely indebted and express my deepest regards and heartfelt gratitude towards my esteemed supervisor, **Dr Kamli Prakash**, Professor, Himalayan College of Nursing for showering me with diligent guidance, perceptual inspiration and bountiful affection throughout the research project. She has guided me at all the stages of the process right from inception to the completion with her professional competence. She has been an epitome of sincerity and hard work who has inspired me to do my best.

I express my sincere gratefulness to my Co supervisor, **Dr Sandeep Mahajan**, Professor, Department of Nephrology, AIIMS New Delhi for his constant support, guidance and availability which were invaluable in completing the study. I also convey my earnest gratitude to **Dr Nand Kumar**, Professor, Department of Psychiatry for his motivation, support and suggestions.

My gratitude to Dr. Kusum (Kathleen McKeehan), Nursing Advisor, Dr LekhaVishwanath, Professor for her invaluable suggestions and constructive feedback during the research presentations.

My sincere thanks to Dr Maroof Khan, Professor, Department of Statistics for his guidance in analysis of the data.

I am indebted to all the kidney transplant recipients who participated in the study and their active involvement for the study.

I express my heartfelt thanks to my husband, Mr HarbirLakraand my daughters, Dhruvika and Ridvika who have been a source of joy and encouragement and provided me with emotional support during the project.

Ujjwal Dahiya

DECLARATION BY THE CANDIDATE

I, UJJWAL DAHIYA, declare that the thesis entitled “Effectiveness of nurse led intervention on self care behaviour, psychological symptoms and quality of life among kidney transplant recipients in a selected tertiary care hospital of New Delhi” is my own work conducted under the supervision of Dr. Kamli Prakash, Professor, Himalayan College of Nursing, Swami Rama Himalayan University Dehradun, Dr Sandeep Mahajan, Professor, Department of Nephrology, AIIMS New Delhi, Dr. Nand Kumar, Professor, Department of Psychiatry, AIIMS New Delhi approved by D.R.C.

I further declare that to the best of my knowledge the thesis does not contain any part of any work which has been submitted for the award of any degree either in this University or in any other University/ Deemed University without proper citation.

Besides this:

I have successfully completed the Course work of one semester as per UGC-Regulation 2016 norms.

I have also given a pre-Ph.D presentation and successfully incorporated the changes suggested on the basis of feedback and comments received.

I have also published one research paper in a journal from the research work of the thesis and presented two papers in conferences and have produced an evidence of the same in the form of acceptance letter/ or the print.
