TABLE OF CONTENTS

S. No.	Contents	Page No.
1	Declaration by student	i
2	Certificate by the supervisor	ii
3	Certificate of plagiarism	iii
4	Anti-plagiarism software report of Ph.D.	iv-xiv
5	Certificate of successful completion of viva-voce	xv
6	Undertaking for submission of Ph.D. thesis	xvi
7	Acknowledgements	xvii-xx
8	Abstract	xxi-xxiii
9	Table of content	xxiv-xxvii
10	List of tables	xxviii
11	List of figures	xxix
12	List of appendices	xxx
13	Abbreviations	xxxi
14	**CHAPTER-I** **INTRODUCTION** ▪ Introduction ▪ Background of the study ▪ Need for the study ▪ Statement of the problem ▪ Aim ▪ Objectives ▪ Hypothesis ▪ Operational definitions ▪ Delimitations ▪ Conceptual framework	 1-19 1-2 3-5 6-9 10 10 10-11 11 12-13 13 13-19

15	**CHAPTER-II**	
	REVIEW OF LITERATURE	20-50
	▪ Literature related to prevalence of decline cognitive function in elderly	20-26
	▪ Literature related to problems of decline cognitive function in elderly	26-33
	▪ Literature related to need and development of Cognitive Stimulation Program	33-35
	▪ Literature related to benefits of cognitive stimulation program	36-40
	▪ Literature related to effectiveness of cognitive stimulation program on cognitive function and quality of life among elderly	40-50
16	**CHAPTER-III**	
	MATERIAL AND METHODS	51-70
	▪ Research approach	51
	▪ Research design	52
	▪ Phase I- Qualitative approach	52
	• Research design	52
	• Research setting	53
	• Population	53
	• Sample and Sample size	53
	• Sampling technique	53
	• Data collection method	54
	• Data collection tool	54
	• Data analysis method	54
	▪ Phase II-Quantitative approach	56
	• Research design	56
		56-57

	• Research variables	57
	• Research setting	57
	• Population	58
	• Sample and sample size	58
	• Sampling technique	59
	• Sampling criteria	60-61
	▪ Description of the tool	64-67
	▪ Validity of the tool	68
	▪ Reliability of the tool	68
	▪ Ethical permission	68-69
	▪ Pilot study	69-70
	▪ Data collection procedure	70-72
	▪ Data analysis and interpretation	72-73
17	**CHAPTER-IV**	74-104
	RESULTS	
	▪ Organization of findings	75-76
	▪ Section I: Description of socio-demographic variables of the study samples.	77-79
	▪ Section II: According to objective of the study	80-104
	▪ 2.1: Qualitative Analysis	80-87
	▪ 2.2:Effectiveness of Nurse-Led Cognitive stimulation Program on cognitive functions of elderly	89-93 90-92
	▪ 2.3:Effectiveness of Nurse-Led Cognitive stimulation Program on quality of life of elderly	94-98
	▪ 2.4: Correlation between cognitive functions and quality of life score among elderly.	99
	▪ 2.5: Association of cognitive functions score with selected socio-demographic variables	100-101

	▪ 2.6: Association of quality of life score with selected socio-demographic variable.	102-104
18	**CHAPTER-V**	
	DISCUSSION	105-115
	▪ Socio-demographic variables of the elderly	106-107
	▪ Explored Problems of Elderly due to decline cognitive fall	107-109
	▪ Developed Nurse Led Cognitive Stimulation Program	109-110
	▪ Effectiveness of Nurse Led Cognitive Stimulation Program on Cognitive function among elderly.	110-111
	▪ Effectiveness of Nurse Led Cognitive Stimulation Program on quality of life among elderly	111-112
	▪ Correlation between cognitive function and quality of life among elderly in selected community	112-113
	▪ Association between cognitive function and quality of life score and selected socio-demographic variables among elderly in selected community	113-114
	▪ Strength of the study	114
	▪ Limitations of the study	115
19	**CHAPTER-VI**	
	CONCLUSIONS	116-122
	▪ Implications of the study	117-119
	▪ Recommendations	120-122
20	**CHAPTER-VII**	
	SUMMARY	123-128
21	REFERENCES	129-140
