

DECLARATION BY THE STUDENT

I, SWETA UPADHYAY, declare that the thesis entitled "***In vitro* Rapid Mass Multiplication and Molecular Validation of *Rheum emodi***" is my own work conducted under the Supervision of Dr. Sanjay Gupta and Co-supervision of Dr. Vijay Kumar at Department of Biosciences, Swami Rama Himalayan University approved by D.R.C.

I further declare that to the best of my knowledge the thesis does not contain any part of any work which has been submitted for the award of any degree either in this University or in any other University/ Deemed University without proper citation.

Beside this:

I have successfully completed the course work of one semester as per UGC- Regulation 2016 norms.

I have also given a pre-Ph.D. presentation and successfully incorporated the changes suggested on the basis of feedback and comments received.

I have also published one research paper in a journal from the research work of the thesis and presented two papers in conferences/seminars and has produced evidence of the same in the form of acceptance letter/ or the reprint.

CERTIFICATE

This is to certify that **Sweta Upadhyay** in the department of Biosciences of this University has fulfilled the requirements prescribed for the Ph.D. degree of the Swami Rama Himalayan University, Dehradun.

The thesis entitled "***In vitro* Rapid Mass Multiplication and Molecular Validation of *Rheum emodi***" was carried out under my direct supervision. No part of the thesis was submitted for the award of any degree or diploma prior to this date.

Signature

Name of Supervisor

Dr. Sanjay Gupta

CERTIFICATE

This is to certify that **Sweta Upadhyay** in the department of Biosciences of this university has fulfilled the requirements prescribed for the Ph.D. degree of the Swami Rama Himalayan University, Dehradun.

The thesis entitled "***In vitro* Rapid Mass Multiplication and Molecular Validation of *Rheum emodi***" was carried out under my direct co-supervision. No part of the thesis was submitted for the award of any degree or diploma prior to this date.

CERTIFICATE FOR PLAGIARISM

It is certified that PhD Thesis entitled "***In vitro* Rapid Mass Multiplication and Molecular Validation of *Rheum emodi***" has been examined by us. We undertake & declare that:

- a. This thesis has significant new work/knowledge as compared to already published or are under consideration to be published elsewhere. No sentence, equation, diagram, table, paragraph, or section has been copied verbatim from previous work unless it is placed under quotation marks and duly referenced.
- b. The work presented is original and own work of the author (i.e., there is no plagiarism). No ideas, processes, results, or words of others have been presented as Author's own work.
- c. There is no fabrication of data or results which have been compiled/analyzed.
- d. There is no falsification by manipulating research materials, equipment, or processes, or changing or omitting data or results such that the research is not accurately represented in the research record.
- e. The thesis has been checked using TURNITIN (copy of originality report attached).

Undertaking for submission of Ph. D. thesis

I solemnly declare that research work presented in the thesis titled "***In vitro* Rapid Mass Multiplication and Molecular Validation of *Rheum emodi***" is solely my research work with no significant contribution from any other person. Small contribution/help wherever taken has been duly acknowledged and that complete thesis has been written by me.

I understand the zero-tolerance policy of the SWAMI RAMA HIMALAYAN UNIVERSITY (SRHU) towards plagiarism. Therefore, I as an Author of the above titled thesis declare that no portion of my thesis has been plagiarized and any material used as reference is properly referred/cited.

I undertake that material of the thesis submitted in hard bound and soft copy are same and no alteration has been done. If found guilty in future University may take any action against me.

I undertake that if I am found guilty of any formal plagiarism in the above titled thesis even after award of PhD degree, the University reserves the rights to withdraw/ revoke my PhD degree.

ACKNOWLEDGMENTS

With immense happiness and a deep sense of gratitude, I thank God Almighty, for leading me in the right path throughout the study and showering his abundant blessing till this moment.

Undertaking this study has been truly an amazing experience and the completion of my thesis would not have been imaginable and possible without my close connotation with many people. I would like to take this opportunity to extend my sincere gratitude to all those who have contributed during this journey.

I am delighted to express my sincere gratitude to our Chancellor; **Dr. Vijay Dhasmana**, Vice- Chancellor; **Dr. Rajendra Dobhal**, Pro-Vice-Chancellor; **Prof. (Dr.) Vijender Chauhan**, and Scientific advisor, **Dr C.S. Nautiyal** and **Director research** for providing me with an excellent conducive environment for research at our university.

I would like to take this opportunity to extend my gratitude to my supervisor **Dr. Sanjay Gupta**, Principal and Head, Himalayan School of Biosciences, for his unrelenting encouragement and constant support without whom, this endeavour would not have been possible. Working under him broadened my scientific and research outlook, he gave me a true sense of freedom and infused a spirit of positive attitude in me. Above all, I can't forget his care showed towards me at difficult times during the entire tenure of my doctoral research. He has been invaluable on both an academic and a personal level, for which I am extremely grateful. I consider working with him to be the greatest honour I have ever experienced and lucky to have him as my supervisor. I am thankful to him

for arranging the stipend amount, for completion of my Ph.D. work, which was of great help.

I am indebted with deepest sense of gratitude to my Co-supervisor **Dr. Vijay Kumar**, Assistant Professor, Swami Rama Himalayan University, for his persistent support and kind concern to inspire me to work on this topic through exemplary guidance, valuable interactions, constant encouragement and timely help during the course of my research and for shaping my thesis. His kind suggestions enabled my study to come in a shape with meaningful conclusions. I am deeply indebted to his unfailing support in every scientific aspect like writing, communication, presentation skills, which enabled me towards the successful completion of this Ph.D. programme.

I would like to thank all the faculty members of Himalayan school of Biosciences, Swami Rama Himalayan University, **Dr. Vivek Kumar, Dr. Akhilesh Kumar, Dr. Vikas S Jadon, Dr. Kumar Sachin, Dr. Geeta Bhandari, Dr. Vishal Rajput, Dr. Archana Dhasmana** for their help and valuable suggestions during my research.

I am thankful to Uttarakhand State Council for Biotechnology, Haldi (UCB), for providing research fund to carry out this work. I express my sincere thanks to Botanical Survey of India, Northern Regional Centre, Dehradun, for plant identification, valuable suggestions and encouragement during my research.

It is my duty to thank sincerely all the Lab-Assistants **Ms. Yogita, Mr. Harsh**, Department of Biosciences, Swami Rama Himalayan University for their help throughout the study. I am thankful to all the non-teaching staff, **Mr. V. Rawat, Mr. Sukhvinder Singh, Mr. Jagadish** of the

Himalayan School of Biosciences, Swami Rama Himalayan University, for their timely help.

I am indebted to my exceptional lab mates, whose support has been a constant source of motivation. **Anjali Uniyal, Abhilekh Sati, Renu Chaudhary, Megha Choudhary**, I am proud to say that we became more than just lab partners, but good friends. I would like to thank my seniors, juniors **Usha, Anukriti, Ankita, Himani, Ashima, Mayank, Geeta, Komal**, at Himalayan School of Biosciences, for their support and constant source of motivation.

I dedicate my Ph.D. thesis to my father **Mr. L.D. Upadhyay**, who stood as strong pillar of support and who played a predominant role in my successful completion of Ph.D. I am very much grateful to my husband, **Er. Himanshu Lohumi**, for playing a crucial role in my Ph.D. career, showed unflagging support and understanding. This work would not have been possible without his wonderful understanding, patience, love and strong support. My sincere thanks to my in-laws, **Mrs. Kiran Lohumi** and **Mr. P.C Lohumi**, for their very good understanding, love and support. My heartfelt gratitude to my sisters, **Mrs. Neha Kothari, Gargi Lohumi, Richa Pandey** for their love and affection, their motherly love helped me to do better during the difficult times.

I must thank all those whom I have not mentioned above and who have in any other way assisted me in bringing this thesis in the present form.

Sweta Upadhyay

S. No.	Abbreviations	Full form
1	GA ₃	Gibberellic acid
2	2,4-D	2,4-Dichlorophenoxyacetic acid
3	BAP	6-Benzylaminopurine
4	IAA	Indole-3-acetic acid
5	SH	Schenk and Hildebrandt media
6	MS	Murashige and Skoog Media
7	IBA	Indole-3-butyric acid
8	TDZ	Thidiazuron
9	NAA	Naphthalene acetic acid
10	Kn	Kinetin
11	PGRs	Plant Growth Regulators
12	RET	Rare, Endangered and Threatened species
13	ANOVA	Analysis of variance
14	EDTA	Ethylenediamine tetraacetic acid
15	BME	β-mercaptoethanol
16	SDS	Sodium dodecyl sulfate
17	TE	Tris EDTA buffer
18	CTAB	Cetyl trimethyl ammonium bromide
19	PCR	Polymerase chain reaction
20	SRAP	Sequence related amplified polymorphism

21	RFLP	Restriction fragment length polymorphism
22	ISSR	Inter simple sequence repeat
23	AFLP	Amplified fragment length polymorphism
24	RAPD	Randomly amplified polymorphic DNA
